

Rumba

Wynter Gordon

Stay behind me, mi corazon
We are forbidden, must keep this in
Eso night me so ca
Tell me a symbol, if you are willing

Give me a sunset, close to the river
All through the valley, right through the middle
Up in the mountain, far from distraction
So look in my face, your hands on my waist

Rumba (la la la)
Rumba (la la la)

Secrets in the night
When we come to life
Stay behind me, mi corazon
Lost in desire, feeding the fire
Eso night me so ca
Power, adventure, we're going higher

Give me a sunset, close to the river
All through the valley, right through the middle
Up in the mountain, far from distraction
So look in my face, hands on my waist

Rumba (la la la)
Rumba (la la la)

Can you keep my secrets
Can you live amongst the stars
Boy your touch, we'll travel far
For forbidden love

Rumba (la la la)
Rumba (la la la)

Rumba (la la la)
Rumba (la la la)
Rumba (la la la)

Rumba (la la la)
Rumba (la la la)
Rumba (la la la)
Rumba (la la la)
