

## Brake

WZRD

No light to guide my way  
I'm goin' blind down the hill  
Nothing that no one can say  
I'm gonna find my will to live

No light to guide my way  
I'm goin' blind down the hill  
There's nothing that no one can say  
I'm gonna find my will to live

No, I won't brake  
No, I won't brake

No light to guide my way  
I'm goin blind down the hill  
There's nothing that no one can say  
Im gonna find my will to live

No, I won't brake
