

My head is always busy  
Stuck in a, stuck in a, stuck in a place I've been way far too long  
Its not paranoia, I'm stuck in this hell, in this shell  
I'm such a late, locked away losing who I is  
In a coma tell me how to fix it cause baby I have tried it all  
Where did I go wrong or out of order?  
Doctor give me help, can you help me doctor pill?

Oooh feeling strange, feeling strange, feeling strange  
Oooh feeling strange, feeling strange, feeling strange

Wake up in the morning feeling iffy  
(What is going on with me?)  
When I look in the mirror I don't know who this dude is  
(Staring right back at me)  
Doctor pill, doctor pill give me something, I'm feeling ill now  
(What can you prescribe for me?)  
Cause when I look in the mirror I don't know who this dude is  
(Staring right back at me)

I admit I have been slipping  
Stuck in a, stuck in a, stuck in a human like cell and its got legs and arms  
Its not me talking though that is my face  
I have not known who that face belongs to in a while  
Keeping composure, tell me what to do  
Cause just talking it ticks me off  
I wanna turn me down, I'm out of order  
Doctor give me help, can you help me doctor pill?

Oooh feeling strange, feeling strange, feeling strange
