

Say Good-Bye

X-Perience

I wake up
Nearly half past eight
You ain't home
It's much too late
Something strange has happened here to me
I feel sad when you feel free

I say good-bye
Say good-bye

Tell me why
you treat me like a queen
If I lose my self esteem
Tell me why
you can't be good to me
I never felt so free

I say good-bye
Say good-bye

You are a stranger
I am in danger
When I guess your love is true
I'll get back to you
Say good-bye, say good-bye

I say good-bye
Say good-bye

You are a stranger
I am in danger
When I guess your love is true
I'll get back to you
Say good-bye, say good-bye
