

## Say Good-Bye

X-Perience

I wake up  
Nearly half past eight  
You ain't home  
It's much too late  
Something strange has happened here to me  
I feel sad when you feel free

I say good-bye  
Say good-bye

Tell me why  
you treat me like a queen  
If I lose my self esteem  
Tell me why  
you can't be good to me  
I never felt so free

I say good-bye  
Say good-bye

You are a stranger  
I am in danger  
When I guess your love is true  
I'll get back to you  
Say good-bye, say good-bye

I say good-bye  
Say good-bye

You are a stranger  
I am in danger  
When I guess your love is true  
I'll get back to you  
Say good-bye, say good-bye
