

# You

X

Take a chance,  
Fall in love with a man 3000 miles away  
Try to call and picture his stance by the payphone down  
the hall  
Let me know when you go to bed  
Talk to me during the day  
Cuz I'm stuck to you like flies to glue or trash on  
Broadway.  
You call me from 8th Avenue,  
You don't have a phone.  
I wanna call you and it makes me sad because,  
I can't talk to you.  
And I wanna talk to you.  
Hey you.  
I'm calling you.  
Somewhere on my body if you look real close,  
You'll find you,  
You'll find you.  
Talk to me about a \_\_\_\_\_ of prostitutes has for a  
date.  
And two kids are making fun of a bum who just fell flat  
on his face.  
You put polaroids into my pocket for ....  
You ask me to dance in the rain ...  
You call me from 8th Avenue,  
You don't have a phone  
I wanna call you and it makes me sad because,  
I can't talk to you.  
I wanna talk to you.  
Hey you.  
I'm calling you.  
Somewhere on my body if you look real close,  
You'll find you,  
You'll find you.  
Hey ya  
I'm calling you  
Somewhere on my body if you look real close,  
You'll find you,  
You'll find you.  
Yeah  
I'm calling you  
You  
You
