

# In Love with the Darkness

Xandria

No more tears  
I'm out of fears  
I'm out of pain  
I'm out in the rain

It will gently wash away  
The light of the day

I'm in love with the darkness of the night  
I'm in love with all that's out of sight  
I'm in love with the magic of the new  
And the darkness loves me, too

Finally  
It covers me  
It makes me taste  
It's sure embrace

It will gently take away  
The sorrows of the day

Come out, come out wherever you are  
Don't hide, don't hide near or far  
Don't hide
