

## My Scarlet Name

**Xandria**

Take my life and paint it black  
Until I'm sleeping  
And my promise, I take back  
So please stop creeping

I don't call your heart my own  
Where I rest my head I'm home  
You are here to please me

You know my name  
I don't know yours

Stay until the curfew calls  
And kiss your idol  
Beneath your black-hair waterfalls  
You look so bridal

You know my name  
You don't know - me
