

# Salomé

Xandria

They call for me  
Dance Of The Seven Veils  
I have no choice  
I'm nothing if I fail

Lonely Salomé, Dancing Salomé  
Veil for veil away  
Villain and prey

The first veil falls - illusion  
The second one - innocence  
The third one follows - pride  
And four was my way back

Losing my dignity  
With every move I make  
I'm losing it  
The veil falls

Freedom was long ago  
With every step I take  
I walk away  
From this veil

Singing Salomé, Naked Salomé  
Veil for veil away  
Villain and prey

Losing my dignity  
With every move I make  
I'm losing it  
The veil falls

If there's one thing left to see  
That's of interest  
Then it's in my chest  
The seventh veil is me
