

## Soul Abduction Ceremony

**Xasthur**

The moon tonight feels my revenge  
To summon forth my time (of sin) and hate  
Impaled are their wings  
Raped is the soul  
From the bleeding holy womb  
At one with night, for I'm with death  
Eyes now bleed  
In the color and sight of terror  
The moon tonight screams with revenge  
I've entered your dreams out of fear
