

How Mucho I Believe

Xavier Baumaxa

Let's make it 50-50 like 69
I'll be tastin' your juices, you'll be tastin' mine
that's what I call a reasonable dinner
I like the situations when the both sides are winners!

...and even though you could think I was a public enemy
even though you could disagree with me - all right,
no matter how disappointed you can be,
I have always agreed with all what F.L.C. said to me...

Let's make it 50-50 like 69
I'll be tastin' your juices, you'll be tastin' mine
that's what I call a „reasonable break Fast“
I like it in the morning when you do your blow job best!

...and even though you're one of many
I've got your pussy twice a week on my menu
that's what I call a „Fuckin' good restaurant“
I've got a supermarket chain of my own women
on the ground! Hell yeah, I do!

Be mucho, as much as you can be
Be mucho, fuck the christianity
Be mucho, as much as you can be
Be mucho, only Allah knows a good place to be...
...still ain't enough for me, baby...
