

# Come Let Go

Xavier Rudd

Come my brother, come slowly  
Come easy my friend, come my friend  
Come my sister, come easy  
Come busy on me, the youth can depend

Come my brother put your hands up  
Take your heart out, let go, come let go  
Come my sister, kinda hold ya  
Kinda squeeze ya, let go, come let go

Come let go  
Come let go  
Come let go

Come the winter, come summer  
Come autumn, come spring do your thing  
Come the river, come the mountain  
Come the ocean, come the trees you will see

Come the wind, come the rain  
Come the tidal, come the tide out again  
Come the wind, come the waves  
Come the tidal, come the tide out again

Out again  
Out again

Come my brother, come slowly  
Come easy my friend, come my friend  
Come my sister, come easy  
Come busy on me, the youth can depend

Come my brother put your hands up  
Take your heart out, let go, come let go  
Come my sister, kinda hold ya  
Kinda squeeze ya, let go, come let go

Come let go  
Come let go  
Come let go

Come the winter, come the summer  
Come the autumn, come the spring do your thing  
Come the river, come the mountain  
Come the ocean, what smell will you bring?

Come the wind, come the rain  
Come the tidal, come the tide out again  
Come the wind, come the waves  
Come the tidal, come the tide out again

Out again  
Out again  
Out again
