

Land Rights

Xavier Rudd

'Cause it was signal, 'cause it was found
'Cause these were feelings from so long ago
Listen to the spirits, came up strong
All put together with same layer song

This is how they did it, spears by their side
Stood on the mountain for their land rights
All the people noticed, movement took fly
They said

This is our home, just honor our lives
Ooh, this is our home, just honor our lives

Country it was speaking, land of God
Families were broken, spirits were crushed
The language that was silenced, set free to be passed
The cup that was empty, slowly filled up
So we can prove together, show our children it is time

You see this is our home, just honor our lives
Ooh, this is our home, just honor our lives
Ooh, this is our home, just honor our lives
