

This World as We Know It

Xavier Rudd

Hold you out
This is how they do it
You scream and shout
often time I'll notice
Rise and fall
powerful deceivers
Bring down
This world as we know it
My feeling in my heart
cause I'm inside it, inside
I was getting too high
I've seen it all
Seasons change
is happening all over
Reaarranging of
governments much noble
The air they speak
strait from the creator
For centuries now
the message in a beam of wealth
My feeling in my heart
cause I'm inside it, inside
I was getting too high
I've seen
I've seen it all

Hold you out
this is how they do it
While you scream and shout
often times I'll notice
Rise and fall
powerful deceivers
Bring them down
This world as we know it
