

## Apistat Commander

Xiu Xiu

All  
All along the rocks  
It's good  
It's not so hard now

I  
I bite my tongue  
Who cares?  
There's chance to draw on

Once you left, you left for someone  
All that's left has wilted up  
Oh this relief, it's the hardest thing  
Oh my God, oh my God, oh my God

Once you left, you left for someone  
All that's left has wilted up  
Oh this relief, it's the hardest thing  
Oh my God, oh my God, oh my God

Children  
He'll never come  
I know it's written  
I lost my thumb

He  
Could talk me down  
Still lost it  
It's just her goal

Once you left, you left for someone  
All that's left has wilted up  
Oh this relief, it's the hardest thing  
Oh my God, oh my God, oh my God

Once you left, you left for someone  
All that's left has wilted up  
Oh this relief, it's the hardest thing  
Oh my God, oh my God, oh my God

Once you left, you left for someone  
All that's left has wilted up  
Oh this relief, it's the hardest thing  
Oh my God, oh my God, oh my God
