

Baby Captain

Xiu Xiu

Black phoebe
There's a candle in my window
Black phoebe
Its all inside of you
Black phoebe
There's a candle in my window

Baby captain
I hope those teary eyes
Are only from x
And i hope they
Don't dry
When your biking photos
Set you free
And you see
What a stunner you are

Get me a captain
I hope that white gold girl
Forgets about you
Your crooked blood
Seeps up from hell
And you see
What a stunner you are

Black phoebe
There's a candle in my window
Black phoebe
Its all inside of you
Black phoebe
There's a candle in my window
