

## Baby Captain

Xiu Xiu

Black phoebe  
There's a candle in my window  
Black phoebe  
Its all inside of you  
Black phoebe  
There's a candle in my window

Baby captain  
I hope those teary eyes  
Are only from x  
And i hope they  
Don't dry  
When your biking photos  
Set you free  
And you see  
What a stunner you are

Get me a captain  
I hope that white gold girl  
Forgets about you  
Your crooked blood  
Seeps up from hell  
And you see  
What a stunner you are

Black phoebe  
There's a candle in my window  
Black phoebe  
Its all inside of you  
Black phoebe  
There's a candle in my window
