

## Gray Death

Xiu Xiu

Beat beat me to death  
I said it  
beat beat me to death  
gray death beat me  
Jimmy is begging  
beat beat beat beat beat beat

If you are expecting consolation  
I will become outrageous  
if you expect me to be outrageous  
I will be extra outrageous  
chew the corner off your mouth  
you have never liked the taste  
beat beat me to death  
I said it  
beat beat me to death  
gray death beat me  
Jimmy is crying  
beat beat beat beat beat beat

You were beautiful when I loved you  
my little bank robbing boy  
you were beautiful when I lost you  
like whip covered in pins and glue  
when will it end  
oh when will it end  
this sopping wet towel of stupidity  
supplanted to the fawn  
fold back my pajama sleeves  
take a look at what I have done  
you can protect nothing

Beat beat me to death  
I said it  
beat beat me to death  
gray death beat me  
Jimmy is in flames  
beat beat beat beat beat beat

Beat beat me to death  
I said it  
beat beat me to death  
gray death beat me to death  
Jimmy is aborted  
beat beat beat beat beat beat
