

# The Call

Xiu Xiu

You wanna see, you wanna see  
You wanna lick, you wanna kiss  
You wanna whisper in my ear, bitch?  
But I don't give a fuck, girl  
All 'cause you gave me a thousand bucks

Ask, I wanna ring the bell  
(For you and me or you on me)  
Linked upon the cabinet  
(The exotic sounds of love)  
Always feeling like I do  
(All you were and never was)

Just for once, come to me  
We're looking for what means the most  
Just for once, come to me  
We're looking for what means, oh oh oh

Oh oh oh oh oh oh oh oh  
Hang up  
Oh oh oh oh oh oh oh oh

Clap, bitches  
Clap, bitches  
Clap, bitches  
Clap, bitches

He hums to himself and he walks the streets  
(A private warring dream)  
Don't hack us if it isn't true  
(Then wipe your everything with cream)  
Cue that means kill yourself  
(How you would but never might)

Just for once, come to me  
We're looking for what means the most  
Just for once, come to me  
We're looking for what means, oh oh oh

Oh oh oh oh oh oh oh oh  
Hang up  
Oh oh oh oh oh oh oh oh

Let's, let's  
Let's, let's  
Let's, let's  
Let's, let's

If I call out your name in the night  
If I call out your name in the night  
In certainty you hold this  
In certainty you hold this

Clap bitches, clap clap clap bitches clap
