

# The Fabrizio Palumbo Retaliation

Xiu Xiu

Lean against the stove  
Leave it glowing in the dark  
Push my hand to the coil  
It is burnt now  
Forever  
Cherry blossoms fall  
And for a minute there  
I have the will to live  
But then the cuckoo cries  
Hey hey hey hey  
You constantly aspire  
To be the first your pierce  
Your dagger into fondness  
It will hurt now  
Forever  
Cherry blossoms fall  
And for a twinkle there  
I have the will to live  
But then gomorrah calls  
"caterpillar girl  
Here you are"  
Cherry blossoms melt  
And for a weekend there  
I have the will to go on  
But then it fades to  
Pink  
Pink  
Pink  
Pink  
Pink  
Pink
