Can you hear me like I hear you?  
Can you see me like I see you?  
Can you feel me like I feel you?  
Do you feel me  
when I'm near you?  
Like I feel you  
When you're near me  
Do you fear me like I fear you?  
When you're near me can you hear me?

Do you need me  
When I feel you?  
I want to feel you near me  
I want to know you fear me  
Like I fear you  
When you're near me  
Can you hear me?  
Do you feel me  
I want to feel you  
When I'm near you  
Like I need you  
When I fear you
