I know that you're going
I can't make you stay
I can only let you know I love you anyway
And if the road you take leads to heart break somewhere down th
e line
If someone ever hurts you
Or treats your heart unkind

You just run to the arms of the one who loves you You just run to these arms and these two arms will keep you war $\ensuremath{\text{m}}$

When rain has failed your heart, never fear, I'm never far You just run to the arms of the one who loves you

I want you happy, I want the best for you
And if you have to leave to find your dream
I hope that dream comes true
But if the world you find brings you hard times, if someone mak
es you
cry

I'll be there to hold you, I'll be standing by

You just run to the arms of the one who loves you You just run to these arms and these two arms will keep you war $^{\rm m}$

When rain has failed your heart, never fear, I'm never far You just run to the arms of the one who loves you

My love is strong enough you know
Strong enough to let you go
But I always hold you inside my heart
And if you should ever change your mind
You can come back anytime
And when you do (and when you do)

You just run to the arms of the one who loves you You just run to these arms and these two arms will keep you war $^{\rm m}$

When rain has failed your heart, never fear, I'm never far You just run to the arms of the one who loves you

You just run to the arms of the one who loves you You just run to these arms and these two arms will keep you war $\ensuremath{\text{m}}$

When rain has failed your heart, never fear, I'm never far You just run to the arms of the one who loves you
