

Into the Atom Age

XTC

I'm heading into the atom age
My contemporary house is all the rage
My wife's getting lazy going gadget crazy
Wants a pallette shaped coffee table and a
matching settee
I'm heading into the atom age
My kids have gone obscene want to marry at
fourteen
Want a pallette shaped coffee table and a

matching settee

I'm heading into the atom age
I flick on the video to soothe me
It's better colour than the real thing!
I relax to a three D porno movie
Hey does anyone remember what ever happened to
string?
I'm heading into the atom age
