

Game Is Over

Yael Naim

The game is over for mon coeur
I won't need to stand bad d'humeur
I will not fear this douleur
Since the game is over for mon coeur
I begin the see the lumière
Things will not be like hier
It's crazy mais je n'ai pas peur
Since the game is over
The game is over for mon coeur

The game is over for mon coeur
I don't see the same couleur
Where will I find my bonheur?
Since the game is over for mon coeur

I'm crying almost every heure
I'm fragile like a little fleur
La vie semble sad, that's for sure
Since the game is over
The game is over for mon coeur
The game is over for mon coeur
The game is over for mon coeur
The game is over
The game is over for mon coeur
Since the game is over for mon coeur
Since the game is over for mon coeur
