

## Lachlom

Yael Naim

I wanted wings  
To the horizon meanwhile  
I wanted to approach  
The other side of the rainbow

Let him dream, human being  
He needs to dream  
Let him breathe, human being  
Asking to breathe

I have sadness and suddenly  
I want to sail on the water  
I have magic and suddenly  
I want to fly to the sky

I have time  
To look and dream  
Upon the day, the other day  
And the day after tomorrow

I wanted to touch  
Our bliss  
I wanted to know  
Where we came from

Let her laugh, human being  
She needs to laugh  
Let her see your heart  
It wants to live
