

Lackluster fear  
Envelopes the eyes  
Wants you to wait  
For him alone  
Ties my hands  
Says beg me  
Give me a hand  
Wants you to curl up to him  
Wants you to wait for him  
Forever

White courage  
Pushes me to the water  
Wants you to become wet  
Come to me  
Lights up the sky  
He now says swim  
Give me a hand  
I want you to try alone  
It's time for you to flourish  
Forever

He now says swim alone  
I want you to flourish forever  
It's time to discover who you are
