

Nova

Yahzarah

I'm 'bout to tell y'all a story
You know, y'all know this girl
Cold-ass ho, pretty young thang
All the potentials in the world to be beautiful
Just a little too fast strong girl
Gonna mess up on every damn thing
Chill out, life's too short, y'all
Alright, check me out
Ch-ch-check out
Ch-vh-ch-check, check, check out
Ch-ch-check out
Ch-ch-check-ch-ch-check out
Check out-ch-ch-check-check out
She was crafty, professional daydreamer
May know her for the star-r-r-r, uh
Head in the clouds, young and loud
Oh, always in a hurry, always in a hurry
She's always in a hurry, jumpin' in
Never thinking
Fast talkin' and high livin' only leads
To trouble
Girl, so might ought to
Slow down, nova
Girl, you're runnin' too fast
Slow down, nova
Lift your foot off the gas
Slow down, nova
Girl, you're runnin' too fast
Slow down, nova
Slow it down
Slow it down, down, down
Chill out and relax
Light a candle and watch the wax
You've got so much time, girl
So mch time, girl
Boo, don't stop what'cha doin'
I ain't hating on you, whoa
But whatever you do next,
The rest is up to you
Uh-huh, I want you just

Traveling faster than the speed of light
Spendin' in the universe tryin' to flight
Nova (nova, nova)
Traveling (yeah, traveling)
Traveling faster than the speed of light
Spendin, in the universe tryin' to flight
Nova (whoaaa, yeahhh, nova)
Traveling (nova, nova, n-n-n-nova)
Put off the brakes, nova
