Yashin

You've lost your halo  
It's never coming back  
I won't regret your face  
You can't hide behind this mask

Still I wake up asking myself was it all a dream  
Then I feel my heart still weighing me down  
Feels like I burnt out a candle

Woah leave me  
Woah save me

So wrong but feels right  
One road yeah and I will take this  
Blessing in disguise  
I can't fake cause I can't fake this  
Sorry honey you're on your own  
I served my time while you jumped the line  
Sorry honey you're on your own  
The best things in life, they don't come for free

So when you wake up do you honestly not think of me  
Cause I feel my heart's still pulling me down but this is nothing that I can  
't handle

Woah leave me  
Woah save me (2x)

So wrong but feels right  
One road yeah and I will take this  
Blessing in disguise  
I can't fake cause I can't fake this  
Sorry honey you're on your own  
I served my time while you jumped the line  
Sorry honey you're on your own  
The best things in life, they don't come for free

Your loss in my gain  
Don't think that I'll be taking you back again  
It's too late we're not the same

If you take a second  
Just shut up and listen  
You might just learn something (4x)

Don't fuck with me

So wrong but feels right  
One road yeah and I will take this  
Blessing in disguise  
I can't fake cause I can't fake this  
Sorry honey you're on your own  
I served my time while you jumped the line  
Sorry honey you're on your own  
The best things in life, they don't come for free
