

Wake up there goes another day  
I can't stand these people telling me  
What I should do, what I should say  
Can't pull my strings, cut them away

Am I s-s-s-stuttering?  
Are you not even listening?  
I hear them all but they never seem to hear me  
I hear them all but still nothing's ever changing

I am locked in this house  
And I can't get out  
Tomorrow is what we tell ourselves

Don't let go  
In this moment I could be your saviour  
be your saviour tonight

No one can tell you who you are  
No one can tell you it's too far  
You've got it all in you

If you could learn to stand on your own two feet  
You'll find the strenght you need to carry on  
If I could learn to stand on my own two feet  
I'll find the strenght I need to carry on

Don't let go  
In this moment I could be your saviour  
be your saviour tonight

No one can tell you who you are  
No one can tell you it's too far  
You've got it all in you  
I'm gonna see this thought

Are you coming up?  
Just so you can give it up  
Find yourself

Are you coming up?  
Just so you can give it up  
Find yourself

Don't let go  
In this moment I could be your saviour  
be your saviour tonight

No one can tell you who you are  
No one can tell you it's too far  
You've got it all in you  
I'm gonna see this thought
