

# Machine

Yeah Yeah Yeahs

Wasteful season take my hand  
Take the place of the snakes who ran

Savage things wash over me  
A crime that leaves a heated greed  
Oh Machine, Machine  
I washed it for you  
Machine, Machine  
I waste it for you

And I walk  
And I walk  
A space left for two  
And I wait  
And I wait  
To wake next to you  
And I walk  
And I walk  
A space left for two  
And I wait  
And I wait  
To wake next to you

Oh Machine, Machine  
I waste it for you  
Machine, Machine  
I waste it for you  
HAH!

Oh Machine, Machine  
I washed it for you
