

Zero

Yeah Yeah Yeahs

Shake it like a ladder to the sun
Makes me feel like a madman on the run
Find me, never, never far gone
So get your leather, leather, leather on, on, on, on

Your zero
What's your name?
No one's going to ask you
Better find out where they want you to go

Try and hit the spot
Get to know it in the dark
Get to know it whether you're
Crying, crying, crying, oh, oh
Can you climb, climb, climb higher?

Shake it like a ladder to the sun
Makes me feel like a madman on the run
No you're never, never far gone
So get your leather, leather, leather on, on, on, on

Your zero
What's your name?
No one's going to ask you
Better find out where they want you to go

Try and hit the spot
Get to know it in the dark
Get to know it whether you're
Crying, crying, crying, oh, oh
Can you climb, climb, climb higher?

Was it the cure?
Shellshock!
Was it the cure?
Hope not!
Was it the cure?
Shellshock!
Was it the cure?
What's your name?

Your zero
What's your name?
No one's going to ask you
Better find out where they want you to go

Try and hit the spot
Get to know it in the dark
Get to know it whether you're
Crying, crying, crying, oh, oh
Can you climb, climb, climb higher?

Was it the cure?
Shellshock!
Was it the cure?
Hope not!
Was it the cure?

Shellshock!
Was it the cure?
Hope not!
