

# All Aboard

Yelawolf

Some people run from some people who wanna save 'em  
Some people got guns some people you wanna stay from  
When the train rode in why did all my friends turned around and said goodbye  
?  
Cuz some people don't know they standing at the station...

Come on in, I'm making room for you, her, and him  
Also for those, we, them, and they, Three course meal on a silver tray  
Lay in the lab of luxury, watch fine wine incubate  
With the white cloth layed over the side, one for the hands one for the face  
One for the luck, one for the pride, one way ride out of yesterday  
You can lay down or you can lie, just don't lie straight to my face  
Got a place you can keep the coats at, and a safe for the jewelry  
Got a place to develop the Kodak, to keep up with the memories  
And the picture frame from the past, you can hang it up on the wall  
And you can watch your past from the back of the train, as you leave it all  
You might seen a few trains come by, but this train you never saw before  
You better make up your mind the conductor is saying "All Aboard!!!"

Some people run from some people who wanna save 'em  
Some people got guns some people you wanna stay from  
When the train rode in why did all my friends turned around and said goodbye  
?  
Cuz some people don't know they standing at the station...

ALL ALL ABOARD!!!  
Opportunity is in place, and it might never comeback this way  
You better go and get in that train  
ALL ALL ABOARD!!!  
Opportunity is in place, and it might never comeback this way  
You better go and get in that train

It's such a view, but it's reserved for such the few  
Such the luck for such as who, but who is me and who is you  
You got a free ride that you can't refuse, choice in the form of a new caboose  
A chance in the shape of a railroad track, hop inside make the move  
Break from the old and create the new  
Leave all the fake and replace the true  
Pack the bags, leave the name tag, claim the ticket God paid for you  
Drapes of linen, navy blue, but they're not made to block the light  
The light from the sun will see us through  
And you can sleep well in the peace of night  
Cuz you might not see it twice in the small town where you live  
So believe in the right to life cuz they left you dead this road you steer  
You might seen a few trains come by, but this train you never saw before  
You better make up your mind the conductor is saying "All Aboard!!!"

Some people run from some people who wanna save 'em  
Some people got guns some people you wanna stay from  
When the train rode in why did all my friends turned around and said goodbye  
?  
Cuz some people don't know they standing at the station...

ALL ALL ABOARD!!!  
Opportunity is in place, and it might never comeback this way  
You better go and get in that train

ALL ALL ABOARD!!!

Opportunity is in place, and it might never comeback this way

You better go and get in that train
