

## Good to Go

Yelawolf

Good to go, good to go  
Good to go, good to go  
Fresh kicks (all day) new 'fits (all right)  
Drop hits (all day) then party (all night)  
(2x)

Walk with a limp and I talk with a lingo  
Party with a bunch of bad girls in a Pinto  
Run up on a motherfucker with a dull pencil  
Sharpen up my #2 on his new Benz-o  
Hit the brakes, hold up wait, make you do an indo  
Put the bass in ya face, you can feel the tempo  
Yela's in the place, grab a stencil  
You should wanna get a copy of style I lend yo'  
ass, the man's so bad  
From Alabama with a banjo, clap clap  
Sling blades like I'm Rambo, fix that  
I don't wanna hear shit buddy, that's that  
Can't get a buzz well run back to the bar  
Pick another drink, get ready to blow  
Send me your telephone number bitch  
Maybe when I'm ready to roll I'll hit you with the totem poll  
But right now I'm

Good to go, good to go  
Good to go, good to go  
Fresh kicks (all day) new 'fits (all right)  
Drop hits (all day) then party (all night)

Well boy you wanna do it, shit let's get to it  
You already know I'ma run right through it  
I'm just like fluid, matter fact like water  
Cause I'ma be realer, go a lil' harder  
Hide your girlfriend, wife or daughter  
Put it on a plate I'ma serve your order  
Line 'em up, put 'em in place for the slaughter  
Game over by the end of first quarter  
Wake up hater, rise and shine  
I'm a star while you're ridin pine  
I got your main girl ridin mine  
Her face in my lap as I recline  
It's grindin time and I declare  
I run my fingers through her hair  
I run these streets like marathon  
+You Can't Touch Me+ like Hammer, gone~!  
I'm good

Good to go, good to go  
Good to go, good to go  
Fresh kicks (all day) new 'fits (all right)  
Drop hits (all day) then party (all night)

Bitch you know I got Bun B in the front seat  
and we got these boppers on the chrome!  
One time for ya boy Pimp C  
+Pocket Full of Stones+! Yeah  
I got a pocket full of stones

cause I fell off my dirt bike in cargo pants  
I rock a microphone literally  
Litter the track lyrically with bottles, cans  
Pop a band, put a stack on it  
I'll water this plant like Aqua Man  
Make a rapper run back to the studio  
Retrace his steps like he dropped a gram  
I'll be damned, Catfish Billy  
You don't wanna run if you're rhythm ain't ready  
Sling syllables, beat's edible  
Incredible, inevitably, BLOW~!

Good to go, good to go  
Good to go, good to go  
Fresh kicks (all day) new 'fits (all right)  
Drop hits (all day) then party (all night)
