

# Love Is Not Enough

Yelawolf

Man this fuckin bitch  
Took off, fuckin with some college graduate  
Punk ass, Abercrombie wearin motherfucker  
Left me broken hearted in the chevy  
It's all good though, know why?  
I got me bitch

Both of us was in the same class  
And I wanted you so bad  
That I forgot to mark my manners  
Everybody wanted them panties  
Every guy was hoping to land it  
We would flirt around and touch hands  
Until we fucked around and took zanex  
And that's when you began to drive me bananas  
I was in denial it's apparent  
You began to lie to your parents  
You should know that I can't live  
Without you holdin my name  
Now my heart's in control of my brain  
And I can't hold it in the lanes

Rollin down 20 man  
With this jack in my cup  
Feelin down on my luck  
And I'm doin 120 man  
Maybe I'm givin up  
Baby I'm givin up  
Baby what is happening?  
Don't you believe in us?  
Don't you believe in us?  
She said I know you gave me everything  
But love is not enough  
Love is not enough  
Love is not enough

Used to fuck so much we missed school  
You was there when I needed you  
I was there when you needed me  
We were on separate fool  
And I was broke with no fuckin food  
You was tough enough to be cool  
Skate hoes under my shoes  
Dope boys had me confused  
I was in love with hip hop  
You was in love with that dude  
What made it come to a stop?  
Had to have been the money issue  
Bitch  
And I really miss the rain  
I gave you all of my soul  
And I got left was a key chain

Rollin down 20 man  
With this jack in my cup  
Feelin down on my luck  
And I'm doin 120 man

Maybe I'm givin up  
Baby I'm givin up  
Baby what is happening?  
Don't you believe in us?  
Don't you believe in us?  
She said I know you gave me everything  
But love is not enough  
Love is not enough  
Love is not enough

Who the fuck are you fuckin now?  
Bet he's always takin you out  
Accomplished, educated and proud  
Me, well I'm just a drop out  
Can't really blame ya for buggin  
Ain't I the dirt on your rug  
And just a place to wipe your shoes  
And give me all your thrown away lovin  
Back to my buzzin and druggin  
Back to my gutter with nothin  
Back to the all of a sudden cracks  
In the cevenant trust in me  
You ain't gotta worry bout sharin this success with Wyane  
Now it's just petty change  
But I still feel the pain

Rollin down 20 man  
With this jack in my cup  
Feelin down on my luck  
And I'm doin 120 man  
Maybe I'm givin up  
Baby I'm givin up  
Baby what is happening?  
Don't you believe in us?  
Don't you believe in us?  
She said I know you gave me everything  
But love is not enough  
Love is not enough  
Love is not enough
