

## Angel No

Yello

I don't wanna be your angel  
I wanna be your witch  
I gotta wait 'til the sun is down  
I'm getting ready for another flight  
Only if you're ready  
And you're willing to drown  
You can be mine tonight  
I'm never ever gonna live reality  
In the daylight  
I'd never survive  
I could never be your angel  
Even if I tried

I don't wanna be your angel  
I wanna be your witch

I don't wanna be your angel  
I wanna be your witch

I don't wanna be your angel  
I wanna be your witch  
I gotta wait 'til the sun is down  
I'm getting ready for another flight  
Only if you're ready  
And you're willing to drown  
You can be mine tonight  
I'm never ever gonna live reality  
In the daylight  
I'd never survive  
I could never be your angel  
Even if I tried
