

How How

Yello

My life is in a serious mess
My baby's gone, there's heavy mental stress
I never knew love but I know it now
I wanna give her my heart, except
How how

I never knew love
But I know it now
I wanna give her my heart, except
How how
How how

Maybe I should buy her a beautiful dress
Maybe gold and diamonds and no more stress
I decide to call her
It drives me insane
But then she's on the line and tells me "Don't be vain"

Too shy to call her
It drives me insane
But then she's on the line and tells me "I take the blame"

You don't let me fool and you know what I miss
No diamonds, no gold
Just a kiss
Just a kiss

How how
How how

I got nothing to lose
So I know it doesn't matter
I do it the old way
And write her a letter
I know how much I love you
And I need you know
your the one and only and you tell me how

Now I'm out of trouble
And a serious mess
My baby's back
No more stress
You know how much I love you
And I need you now
I'll give you my heart
You tell me how how
How how
