

## Moon On Ice

Yello

The moon is on ice  
It smiles from above  
It lights up the night  
And sends you it's love  
And sends you it's love  
In a small cafe  
You said you were mine

The moon is on ice  
Sitting alone  
And love is the price  
It won't let you go  
Ohhh  
In a small cafe  
You said you were mine  
You said you were mine

Dancing  
Dancing girl  
Dance with me  
We'll dance into eternity

The moon is on ice  
It smiles from above  
It lights up the night  
And it sends you it's love  
So why don't we meet  
In that small cafe  
Where you said you were mine  
You said...  
You said you were mine
