

## Tied Up In Gear

Yello

Keep your cool, keep cool your mind  
Shift the beat, you're one of a kind

Shake it up, beat down the beat  
Shake it up to the Babaumba Heat

Stay out!

Stay out!

Ring the bell  
Roll down the street  
Tie me up into the city heat

Keep your cool, keep cool your mind  
Shift the beat, you're one of a kind

Stay out!

Tied Up.....

It's the African Queen, we got the summer night grand  
It's the African Queen, the hottest lady in town  
It's the African Queen, who keeps me on my feet  
It's the African Queen, the Babaumba Beat

Tied Up, Tied Up.....

Try to beat, try to fight  
Take me back into the ring tonight  
Shake it up, beat down the beat  
Shake it up to the Babaumba Heat

It's the African Queen, we got the summer night grand  
It's the African Queen, the hottest lady in town  
It's the African Queen, who keeps me on my feet  
It's the African Queen, the Babaumba Beat

All you need is love  
Take my heart and hold me tight forever, forever
