

## Lifetime

Yellow Claw

Love seems like we were born tonight  
Every second we spend I am living again  
Words can't contain what's in our eyes  
Time runs fast cause the close will begin

We get lost in the space  
Feel our hearts race  
It's OK... as long as we're together

We can live a lifetime in one night  
Hold my hand and never leave my side  
I will never forget you till I die  
We can live a lifetime, a lifetime in one night  
Yeahhh  
Yeahhh  
We can live a lifetime, a lifetime in one night
