

# Life of Leaving Home

Yellowcard

I can see all the footsteps left behind  
Every second I gave  
Every song was a snapshot of my life  
I needed something to say

I started out in a last slow motion scene  
Watching everyone change  
Made, one road from here  
I had no reason to stay

I am awake and alive  
There is something calling me  
More than a moment in time  
It's a dream I'm following on my own  
On my own, on my own  
More than a moment in time  
It's a life I've leaving home

Think of me when the stars come out tonight  
Take a look at the sky  
Never said that i could burn out that  
But I needed it to try

I am awake and alive  
There is something calling me  
More than a moment in time  
It's a dream I'm following on my own  
On my own, on my own  
More than a moment in time  
It's a life I've leaving home

The day that I found my voice  
I knew that I had no choice  
The only way I ever learn some love  
If I found it on my own  
On my own

I am awake and alive  
There is something calling me  
More than a moment in time  
It's a dream I'm following on my own  
On my own, on my own  
More than a moment in time  
It's a life I've leaving home
