

Storybooks I thought  
Were written for my heart  
From my fingers fall  
With you gone I break  
Drifting off in space  
Can you hear me call?  
I need you, need you  
I need you  
I need you, need you  
I need you

As all these mornings turn  
Into brand new days  
Everything still hurts  
You're so far away  
I would dig a hole  
Through the earth and crawl  
To get to you  
To get to you  
Wicked dreams they come  
When I sleep alone  
So I stay awake  
Thinking oh oh oh  
How I miss her so  
How long must I wait?  
I need you, need you  
I need you  
I need you, need you  
I need you

As all these mornings turn  
Into brand new days  
Everything still hurts  
You're so far away  
I would dig a hole  
Through the earth and crawl  
To get to you  
To get to you

As all these mornings turn  
Into brand new days  
Everything still hurts  
You're so far away  
I would dig a hole  
Through the earth and crawl  
To get to you  
I need you, need you  
I need you  
I need you, need you  
I need you
