

The Takedown

Yellowcard

I feel things changing when I move
(It's a distance, It's a difference)
I'll cross this planet without you
(And you might call, it's a downfall)
It's one long night that I'm passing through
(It's a dark one, what have I done)
It's one long night

Don't turn your back on me now
You can do this
And don't say you can't live without
You can do this alone
How did I end up like this
The lonely one, your greatest takedown
You take me down

Left last night with a long goodbye
(We cement why, through a phone line)
I told you thoughts that multiply
(That I don't know how to let go)
We've been here many times before
(I am empty, when you leave me)
What's one more?

Don't turn your back on me now
You can do this
And don't say you can't live without
You can do this alone
How did I end up like this
The Broken one, your greatest takdown
You take me down
You take me down

I won't get by
I won't heal in time
I won't get by

Don't turn your back on me now
You can do this
And don't say you can't live without
You can do this alone
How did I end up like this
The chosen one, your greatest takedown
You take me down
