

## With You Around

Yellowcard

Do you remember when I said you were my only one  
We were running underneath the California sun  
Well now i look at you and you're still more than I can take  
You're like a slow song starting to accelerate.  
And all my life, I looked for you  
For arms that I could fall into.

All I can think about is you and me driving  
With a Saves The Day record on  
We were singing till our voices were gone  
And I was falling hard  
You were barely hanging on.  
And now I wanna chase forever down  
With you around.

You're making movies in your head when you fall asleep  
Having nightmares, dreaming that I'm gonna leave  
I know you've always been afraid of ending up alone,  
Somebody heard you, now you're waiting on a dial tone  
But I'm right here, so don't get blue  
It's not just you, I need this too.

All I can think about is you and me driving  
With a Saves The Day record on  
We were singing till our voices were gone  
And I was falling hard  
You were barely hanging on.  
And now i wanna chase forever down  
With you around.

We were running underneath the California sun,  
Underneath the California sun.

All I can think about is you and me driving  
With a Saves The Day record on  
We were singing till our voices were gone  
We put our record on  
We kept singing till our voices were gone  
And I was falling hard  
You were barely hanging on  
And now I wanna chase forever down  
With you around
