

Am I Dead Now

Yendri

It was deep in the night, when I climbed out of my grave
I could see myself from above, I just walked and walked
To find someone there But nothing I found, I was alone there
I don't know If I'm dead or still alive
I don't know If I'm dead now, if I'm dead now
What happened to me, why am I still here?

But am I here for real, what do I feel?
Shouldn't I've be gone forever and my body fade to dust?
Now I'm my own cadaver
I don't know If I'm dead or still alive
I don't know If I'm dead now, if I'm dead now
