

Melting brains,  
jack in your head  
growing pains  
connection is bad

Navigate  
with your mind  
electric hate  
is what you find

Cyber war  
Burning circuits  
Cyber war  
Dying minds  
Cyber war  
crying spirits  
Cyber war  
The future shines

The enemy  
is in the network  
It wants your life  
It wants your data  
you can't kill it  
It won't die  
It has no predator

Cyber war  
Burning circuits  
Cyber war  
Dying minds  
Cyber war  
crying spirits  
Cyber war  
The future shines
