## **The Beast**

I ask you for forgiveness and you deny I can't tell you what for I can't tell you why It wasn't an accident It wasn't even me It was just the beast I once set free This didn't happen on purpose This just had to be

It was not about my instinct It was just the beast I once set free Give me salvation And rest at least You just have to kill the beast Give me salvation And rest at least You just have to kill the beast Yendri
