

# Dance Without the Music

Yeng Constantino

You won my heart  
with just one smile  
And that dimple on your cheek  
makes me wanna kiss you  
And your eyes,  
They speak of a thousand words  
But it makes me feel giddy  
When you tell me that  
I'm beautiful

You make me wild inside  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music  
Wild inside,  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music  
Yeah yeah yeah...

You make me laugh  
With your childish ways  
And you sing to me  
'da dum dum dum'  
just like a crazy boy  
Your arms [?],  
that is my home  
And whenever I'm away,  
I long to be with you  
more and more

You make me wild inside  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music  
Wild inside,  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music  
Yeah yeah yeah...

You are the only one I adore,  
You are the reason why I'm here  
For you I'll go anywhere  
Just tell me when baby  
You are the only one I adore,  
You are the reason why I'm here  
For you I'll go anywhere

You make me wild inside  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music  
Wild inside,  
You make me feel so fly  
You make me dance without the music  
You make me dance without the music

Yeah yeah yeah...  
Dance without the music...
