

Your Love is My Relief

Yeng Constantino

I would like to face the truth tonight
If I have to give and then I'd give my life
When I know you're far and I know I'm afraid
And there is nothing here to take the fear away

Is this love?
When I want to give my all
Is this love?
When there is nothing I want more
Yeah, this is love
And there is nowhere I could go

If you won't take me in
If you won't take me in

Within this hope I know you'll make me see
That inside of you I'll always find relief
When I'm lying here and there's nothing left to breathe
You take me to a place I've never been

Is this love?
When I want to give my all
Is this love?
When there is nothing I want more
Yeah, this is love
And there is nowhere I could go

If you won't take me in
If you won't take me in

I'm alive
Your love inside of me
And I'm alive
Your love is my relief

I'm alive
Your love inside of me

Is this love?
When I want to give my all
Is this love?
When there is nothing I want more
Yeah, this is love
And there is somewhere I could go

'Cause I know you'll take me in
'Cause I know you'll take me in
