Future Times/Rejoice

In the fountains of the Universe : Set time in accord Sits the boychild Solomon : Ever turning round and round In the cities of the Southern Sky : Set points Universe Dreams he of glory : Pulsating round and round Future times will stand and clearly see : Highest dancing Of the course of innocence : Drifting drifting

See it all See it all Till tomorrow See it all See it all Till tomorrow

Future times will stand and clearly smile Of the course of innocence

Dantalion will ride again : Raging forth underland The course of evils standing straight : Grind to grind Hot metal will abound the land : Churning out shout As the form regards our blazing hand Future times will stand and clearly see Of the course of innocence

One the word will enter all our hearts Two the duel will alter them Three jewels countenance divine away delight away Four the fight to free the land Five the islands of Arabia Six the tears that separate Six the tears that separate

Rejoice forward out this feeling Ten true summers long We go round and round and round Until we pick it up again Time flies, on and on it goes Thru the setting sun Carry round and round and round Until it comes to carry you home

Rejoice forward out this feeling The white eagle soars He goes round and round and round Until the early winds of change Dawns new light conquering timeless ease Spread the harvest breeze Let our hour of passion Gently hold our heads on high with you Gently hold our heads on high
