

## Hour of Need

Yes

In the dark while the obvious isn't clear  
Can't believe just what can interfere

Remember what has been achieved  
Keep tryin' it's the hour of need

What's the cost?  
Can the end justify the means?  
There's a need so many mouths to feed

Remember what has been achieved  
Keep tryin' it's the hour of need  
Still hoping we can succeed  
In this hour of need

Words unwritten  
Mistrust suspicion  
Stuck in this wilderness

For everyone water to drink  
Either we sink or swim
